

## 2016 MTBWOC Dream Team Competition.

**The competition is very simple but very exciting. We should know because we invented it.**

You have €30 million to buy 3 men and 3 women for your MTBO Dream Team. You buy your team using the values overleaf. Add up the scores for all the races and the highest score total might win a spunky prize.

### Simple Rules

You must have **3 men** and **3 women (=6 in total)**.

You cannot have more than **one** rider from **each country**.

(This means that you have to choose 6 riders from 6 different countries)

The value of your riders **must not exceed €30 million**.

(Of course you can spend less)

### Scoring

**Four** events to count

Sprint, Middle distance, Long distance and the Relay

#### **Sprint, Middle and Long Distance points;**

1<sup>st</sup> in race = 100 points (both for men and women)

2<sup>nd</sup> in race = 99 points

3<sup>rd</sup> in race = 98 points

10<sup>th</sup> in race = 91 points

20<sup>th</sup> in race = 81 points

100<sup>th</sup> in race = 1 point.

#### **What about the Long B final?**

1<sup>st</sup> in B final = amount of starting riders in A final + 1 place, that means if 65 start in the A final, the 1<sup>st</sup> in B final gets the points of 66<sup>th</sup> place.

2<sup>nd</sup> in B final = points of 1<sup>st</sup> in B final – 1 point

etc...

#### **Relay points**

1<sup>st</sup> team = 100 points (both for men and women)

2<sup>nd</sup> team = 95 points etc.

20<sup>th</sup> team = 5 points.

All teams to count. Countries second teams will stay in our final result table.

Riders who do not take part at MTBOWC at all will be replaced by the next possible rider at the same (or if not possible then lower) value on the list.

**One** entry per person.

**Entry fee:** nothing, just your precious time

**Who can take part?** Everybody. Prizes will only be given to people present at prizegiving.

**Entry deadline:** Monday 25<sup>th</sup> of July 2016, 13:00

**Prizegiving:** at the banquet

### Hints and Tips

- It is possible to buy eg. Anton Foliforov €10M and Martina Tichovska €10M but the rest of your team might not get any points. Maybe 6 riders at €5M each would be more productive?
- On past performances some riders are either brilliant or do not know their arse from their elbow. With or without a compass. A consistent team is what you require.
- Does your Star performer have a poor team in the relay? Does your bargain bucket rider have a good team in the relay?? Or even a relay team at all??? Will he start in the Long Distance????

## 2016 MTBWOC Dream Team Competition.

Please remember to write the **numbers** of your riders (that's the most important thing for me!), your **own name and country** into the entry form. Writing down the names, countries and values of your riders is not really necessary, it's just for control. You can also write your entry on any piece of paper.

Hand this over to Michaela Gigon (AUT) or any Austrian Team member or put it in the Austrian Team Box in the Event Center **before Monday, 25.7.2015, 13:00**, that means before the Sprint starts.

Or send your entry via email to: [dreamteam@michigigon.at](mailto:dreamteam@michigigon.at)

Or enter via: <http://goo.gl/forms/POOes8tXRbSnqUw52>
